## Our school vision

**Our vision is that all children should grow in:**

**Faith** in God, or be inspired by faith, and in their own ability to fulfil their potential,

**Hope** to be the best of examples, to work to change themselves and the world for the better, and

**Love**, reflecting God's love in unselfish love for others.

**How do we do this?** In partnership with governors, parents and the local community we continuously strive to deliver a broad and balanced curriculum that promotes high achievement for all children. We aim to develop within all individuals self-confidence, motivation, aspiration and the ability to work with others. We ensure children are kept as safe as is possible, by adhering to all safeguarding and child protection government policies.

**Why is this important?** For your child to be successful at school, it is essential that there is a partnership between the home and school. This Home-School agreement is designed to help everyone to understand their part in this partnership. It is not a legal document, but a document that clearly outlines what is expected of each party. Children are also asked to sign the agreement when they join the school, so that they understand the importance of their role too.
