SCHOOL NEWSLETTER 16.01.26

Dear parents and carers,

Year 3 and 4 started their swimming lessons this week and the teachers were very impressed with their effort and perseverance. The children met their Chapter One Reading volunteers this week, we are so lucky to be a part of this important programme which supports our focus on reading fluency and oracy. A huge thank you to all the parents who came to the Learning Review meetings. There was a very good turn out and we appreciate the support you put in at home. Strong school and home relationships have always been a strength at St. Alban's CE Primary school and helps the children to thrive.

Have a great weekend. **Jayne (Head of School) and Rebecca (Executive Headteacher)**

Right's Respecting School Article of the Week!

The Convention on the Rights of the Child brings together a range of rights that all children aged under 18 are entitled to, no matter who they are or where they are born. These rights ensure that all children are given the support they need to develop and reach their potential and are protected from harm. Governments across the world have signed up to the CRC and have promised to make the rights within the CRC a reality for children in their country and a number of articles specifically mention what governments must do to make rights happen.

Article 1 makes clear that everyone under the age of 18 has all the rights in the Convention.

Article 4 states that governments must do all they can to make sure every child can enjoy their rights by creating systems and passing laws that promote and protect children's rights.

Article 41 states that if a country has laws and standards that go further than the present Convention, then the country must keep these laws.
