SCHOOL NEWSLETTER 6.02.26

Dear parents and carers,

'*St. Alban's Careers Week*' was a huge success, we are so grateful to Camden Learning for supporting us with all the incredible visitors and trips. Children met women in data and construction, planned maps for electric car charging points around London, designed their own theme park, met the creator of Coco Melon You tube Shorts and learned how to operate fire station equipment amongst many other exciting activities. Year 5 showed of their Design and Technology skills in their class collective worship this morning, it was a fantastic display of all the incredible learning happening in their classroom. Our attendance is improving! Thank you for all you support to meet our goal of 96%. Have a lovely weekend. **Jayne (Head of School) and Rebecca (Executive Headteacher)**

Right's Respecting School Article of the Week!

Many articles are relevant to explore when celebrating LGBT+ History Month but this pack focusses on following:

- **Article 2: (non-discrimination)** The Convention applies to every child without discrimination, whatever their ethnicity, gender, religion, language, abilities or any other status, whatever they think or say, whatever their family background.
- **Article 13: (freedom of expression)** Every child must be free to express their thoughts and opinions and to access all kinds of information if it is within the law.
- **Article 17 - access to reliable information** Every child has the right to reliable information from a variety of sources, and governments should encourage the media to provide information that children can understand. Governments must help protect children from materials that could harm them.

And remember, at the heart of the UN Convention on the Rights of the Child are the values of dignity, equality and non-discrimination.
